

Manufacturing Quality Furniture with SAP Business One®

Before: Challenges and Opportunities

- Slow and difficult access to inventories
- Difficulty accessing essential data on the spot
- Low time efficiency.

Why SAP Partner and Solution

- ABS supports and understands a company's vision and mission; the team focuses on business needs and requirements and works accordingly
- With SAP B1, Al Mashriq has better control on inventory and order management
- Easy and simple to use for everyone; from CEO to Warehouse Manager
- An increase in profit margins: with SAP, Al Mashriq has been able to monitor the trend and thereby take decisions quickly. A detailed report, designed by ABS, of fast selling items helps us re-order the goods on time and in the right quantity.

After: Value-Driven Results

- Integration of disparate systems
- Managing massive data volume at high speed
- Ability to monitor key performance indicators using timely and accurate information.

“It is with great pleasure that I have the opportunity to work with ABS staff in implementing SAP B1. They are a trusted adviser that helped us get through our projects on time. The secret to a smooth transition to SAP B1 is partnering with experts, and ABS definitely exceeded our expectations.”
